

## **INDEPENDENT AUDITORS' REPORT**

**To**  
**The Members of IUP JINDAL METALS & ALLOYS LIMITED**

### **Report on the Financial Statements**

#### **Opinion**

We have audited the accompanying financial statements of **IUP JINDAL METALS & ALLOYS LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Cash Flow Statement for the year then ended and a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the [Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31 March 2021, and its profit, total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

#### **Basis of Opinion**

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rule thereunder, and we have fulfilled our ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

#### **Information Other than the Financial Statements and Auditor's Report Thereon**

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Annual report, but does not include the financial statements and our auditor's report thereon. The Annual Report is expected to be made available to us after the date of this Auditors' Report. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

**Management's Responsibility for the Financial Statements**

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

**Auditors' Responsibility**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements for the financial year ended March 31, 2021 and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

### Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure 'A'** a statement on the matters specified in the paragraph 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Act, we report that:
  - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
  - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
  - (c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, the Statement of Change in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
  - (d) In our opinion, the aforesaid financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2015;
  - (e) On the basis of the written representations received from the directors as on March 31, 2021 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2021 from being appointed as a director in terms of Section 164 (2) of the Act.
  - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to **Annexure 'B'**.
  - (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
    - i. The Company does not have any pending litigations as on March 31, 2021;
    - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
    - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company;

(h) The managerial remuneration for the year ended 31st March, 2021 has been paid/ provided for by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.

**ANNEXURE-A TO INDEPENDENT AUDITORS' REPORT**

(Annexure referred to in our report of even date to the members of **IUP JINDAL METALS & ALLOYS LIMITED** on the accounts for the year ended March 31, 2021)

1. (a) The Company has maintained proper records showing full particulars including quantitative details and situation of fixed assets.  
  
(b) A major portion of fixed assets has been physically verified by the management in accordance with a phased programme of verification adopted by company. In our opinion, the frequency of verification is reasonable having regard to the size of the company and the nature of its assets. To the best of our knowledge, no material discrepancies have been noticed on such verification.  
  
(c) The title deeds of the immovable properties are held in the name of the Company.
2. As explained to us, the management during the year has physically verified inventories. In respect of stores and spares there is a perpetual inventory system and a substantial part of stocks has been verified during the year. In our opinion, the frequency of verification is reasonable. The discrepancies noticed during physical verification of inventories as compared to book records were not material and the same have been properly dealt with in the books of account.
3. According to the information and the explanations given to us, the company has not granted any loans, secured or unsecured to companies, firms, limited liability partnership or other parties covered in the register maintained under section 189 of the Companies Act 2013. Accordingly, the provisions of clause 3(iii)(a), 3(iii)(b) and 3(iii)(c) of the order are not applicable to the company and hence not commented upon.
4. The Company has not granted any loans ,made Investments or given any guarantee and security covered under Section 185 and 186 of the Companies Act, 2013. Accordingly, the provisions of clause 3(iv) of the order are not applicable to the company and hence not commented upon.
5. According to the information given to us, the Company has not accepted any deposits under the provisions of section 73 to 76 of the Companies Act, 2013 or any other relevant provisions of the companies Act and the Companies (Acceptance of Deposits) Rules, 2014 as amended from time to time. No order has been passed with respect to Section 73 to 76, by the Company Law Board or National Company Law Tribunal or Reserve Bank of India or any Court or any other tribunal.
6. We have broadly reviewed the accounts and records maintained by the company in respect of manufacture of steel and steel products to which the said rule are made applicable pursuant to the order made by the central government for maintenance of cost records prescribed under sub-section (l) of section 148 of the Companies Act, 2013 and are of the opinion that prima facie, the prescribed records have been made and maintained. We have not, however, made a detailed examination of such records with a view to determine whether these are accurate and complete.

7. (a) According to the information and explanations given to us, the Company is generally regular in depositing with the appropriate authorities undisputed statutory dues wherever applicable i.e. provident fund, employees' state insurance, Income tax, Goods & Service Tax, duty of customs, cess and other statutory dues with the appropriate authorities. There are no arrears as at March 31, 2021 for a period of more than six months from the date they become payable.
- (b) According to the information and explanations given to us, there are no material dues of income tax, Goods & Services tax, duty of customs, duty of excise and value added tax which have not been deposited with the appropriate authorities on account of any dispute.
8. In our opinion, on the basis of books and records examined by us and according to the information and explanations given to us, the company has not defaulted in repayment of dues to banks. The company does not have any dues to financial institution, government or debenture holders.
9. The Company has not raised any money by way of initial public offer or further public offer or debt instruments. In our opinion, and according to the information and explanation given to us, the term loans have been applied for the purposes for which they were raised, other than temporary deployment pending allocation.
10. According to the information and explanations given to us and as represented by the Management and based on our examination of the books and records of the Company and in accordance with generally accepted auditing practices in India, we have been informed that no case of frauds has been committed on or by the Company or by its officers or employees during the year.
11. The managerial remuneration for the year ended 31st March, 2021 has been paid/ provided for by the Company to its directors in accordance with the provisions of Section 197 read with Schedule V to the Act.
12. The company is not a Nidhi Company. Accordingly, the provisions of clause 3 (xii) of the Order are not applicable to the Company.
13. The Company has complied with the provisions of Section 177 & Section 188 of the Companies Act, 2013 w.r.t. transactions with the related parties. Details of the transactions with the related parties have been disclosed in the financial statements as required by the applicable Indian Accounting Standards.
14. According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year. Accordingly, provisions of clause 3 (xiv) of the Order are not applicable to the Company.

15. The Company has not entered into any non-cash transactions with the directors or persons connected with him as covered under Section 192 of the Companies Act, 2013. Accordingly, provisions of clause 3 (xv) of the Order are not applicable to the Company.
16. According to the information and explanations given to us, the Company is not required to be registered under section 45-IA of the Reserve Bank of India, 1934. Accordingly, provisions of clause 3 (xvi) of the Order are not applicable to the Company.

## **ANNEXURE 'B' TO INDEPENDENT AUDITORS' REPORT**

Annexure referred to in our report of even date to the members of **IUP JINDAL METALS & ALLOYS LIMITED** on the accounts for the year ended 31<sup>st</sup> March, 2021

### **Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")**

We have audited the internal financial controls over financial reporting of **IUP JINDAL METALS & ALLOYS LIMITED** ("the Company") as of 31<sup>st</sup> March, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

#### **Management's Responsibility for Internal Financial Controls**

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

#### **Auditors' Responsibility**

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting

### **Meaning of Internal Financial Controls over Financial Reporting**

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and

procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

### **Inherent Limitations of Internal Financial Controls over Financial Reporting**

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### **Opinion**

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31<sup>st</sup> March, 2021, based on the internal control over financial reporting criteria established by the Company and the components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the ICAI.

# IUP Jindal Metals and Alloys Limited

## Notes to Financial Statements

### 1. Corporate and General Information

IUP Jindal Metals and Alloys Limited ("IUPJ" or "the Company") is domiciled and incorporated in India. The company is a Joint Venture between M/s. Jindal Saw Limited and M/s. Arcelor Mittal Stainless Precision Europe. This JV is in the ratio of 80.71:19.29 as on March 31, 2021 between M/s. Jindal Saw Limited and M/s. Arcelor Mittal Stainless Precision Europe respectively. The Registered Office of the company is 28, Najafgarh Road, New Delhi- 110015 and Works at Dehkhora Road, Village Rohad, District Jhajjar (Haryana)-124501

The Company is a leading manufacturer of High Quality Precision Stainless Steel strips. It offers a wide choice of thin and ultra-thin cold rolled strips. The Precision Stainless Steel & Nickel Alloys manufactured are useful in manufacturing of various products like auto components, clocks, watches & electrical equipment.

### 2. Basis of preparation

The financial statements have been prepared complying in all material respects with the Indian Accounting Standards notified under Section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rule 2015, as amended. The financial statements comply with IND AS notified by Ministry of Company Affairs ("MCA"). The Company has consistently applied the accounting policies used in the preparation for all periods presented. The financial statement has been prepared considering all IND AS as notified by MCA till reporting date i.e. March 31, 2021.

The significant accounting policies used in preparing the financial statements are set out in Note no. 3 of the Notes to the Financial Statements.

The preparation of the financial statements requires management to make estimates and assumptions. Actual results could vary from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision effects only that period or in the period of the revision and future periods if the revision affects both current and future years (refer Note no. 4 on critical accounting estimates, assumptions and judgements).

### 3.0 Significant Accounting Policies

#### 3.1 Basis of Measurement

The financial statements have been prepared on accrual basis and under the historical cost convention except following which have been measured at fair value:

- financial assets and liabilities except certain Investments and borrowings carried at amortised cost,
- defined benefit plans – plan assets measured at fair value,

The financial statements are presented in Indian Rupees (₹), which is the Company's functional and presentation currency and all amounts are rounded to the nearest two decimals thereof, except as stated otherwise.

#### 3.2 Property, Plant and Equipment

Property, Plant and Equipment are carried at cost less accumulated depreciation and accumulated impairment losses, if any. Cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred.

# IUP Jindal Metals and Alloys Limited

Assets are depreciated to the residual values on a straight line basis over the estimated useful lives based on technical estimates which are considered 24 hours working of Major Plant & Machinery. Assets residual values and useful lives are reviewed at each financial year end considering the physical condition of the assets and benchmarking analysis or whenever there are indicators for review of residual value and useful life. Freehold land is not depreciated. Major overhauling of Plant and equipment is charged to Statement of Profit & Loss account over the period of five years. Estimated useful lives of the assets are as follows:

Category of Assets	Years
<b>Buildings</b>	5-60
<b>Equipment and Machinery</b>	
-Plant and Machinery	2-40
-Electrical Equipment and Installations	15-25
<b>Other Office Equipment</b>	
-Computer Equipment	3-8
-Office Furniture and Equipment	3-10
-Vehicles	8-10

The gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the Statement of Profit and Loss on the date of disposal or retirement.

### 3.3 Intangible Assets

Identifiable intangible assets are recognised a) when the Company controls the asset, b) it is probable that future economic benefits attributed to the asset will flow to the Company and c) the cost of the asset can be reliably measured.

Computer software's are capitalised at the amounts paid to acquire the respective license for use and are amortised over the period of license, generally not exceeding six years on straight line basis. The assets' useful lives are reviewed at each financial year end.

### 3.4 Impairment of non-current assets

An asset is considered as impaired when at the date of Balance Sheet there are indications of impairment and the carrying amount of the asset, or where applicable the cash generating unit to which the asset belongs exceeds its recoverable amount (i.e. the higher of the net asset selling price and value in use). The carrying amount is reduced to the recoverable amount and the reduction is recognized as an impairment loss in the Statement of Profit and Loss. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount. Post impairment, depreciation is provided on the revised carrying value of the impaired asset over its remaining useful life.

### 3.5 Cash and cash equivalents

Cash and cash equivalents includes Cash on hand and at bank, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value and are held for the purpose of meeting short-term cash commitments.

For the purpose of the Statement of Cash Flows, cash and cash equivalents consists of cash and short term deposits, as defined above, net of outstanding bank overdraft as they are considered an integral part of the Company's cash management.

### 3.6 Inventories

Inventories are valued at the lower of cost and net realizable value except scrap, which is valued at net realizable value. Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories comprises of cost of purchase, cost of conversion and other costs incurred in bringing the inventories to their respective present location and condition. Cost is computed on the weighted average basis.

# IUP Jindal Metals and Alloys Limited

## 3.7 Leases

The Company assesses whether a contract is or contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether:

- (i) the contract involves the use of an identified asset
- (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and
- (iii) the Company has the right to direct the use of the asset

At the date of commencement of the lease, the Company recognises a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short term leases) and leases of low value assets. For these short term and leases of low value assets, the Company recognises the lease payments as an operating expense on a straight-line basis over the term of the lease.

And in case entity is lessor, it identifies whether the lease is defined as finance or operating lease as per the criteria given in IND AS 116.

In case of Operating lease, an entity recognises lease payment as income on straight line basis

In case of Finance lease, an entity initial measurement

- (i) derecognises the carrying amount of underlying assets
- (ii) recognise the net investment in lease
- (iii) recognise profit and loss on selling profit or selling loss

and on subsequent measurement, entity recognises finance income over the lease period and reduces the net investment in the lease for lease payment received and recognise income from any variable lease payments and recognises any impairment of the net investment in the lease

## 3.8 Employee benefits

a) Short term employee benefits are recognized as an expense in the Statement of Profit and Loss of the year in which the related services are rendered.

b) Leave encashment being a short term benefit is accounted for using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to profit and loss in the period in which they arise.

c) Contribution to Provident Fund, a defined contribution plan, is made in accordance with the statute, and is recognised as an expense in the year in which employees have rendered services.

d) Contribution to Superannuation fund, a defined contribution plan, is made in accordance with the Company policy, and is recognised as an expense in the year in which employees have rendered services.

e) The cost of providing gratuity, a defined benefit plans, is determined using the Projected Unit Credit Method, on the basis of actuarial valuations carried out by third party actuaries at each Balance Sheet date. Actuarial gains and losses arising from experience adjustments and changes in actuarial assumptions are charged or credited to Other Comprehensive Income in the period in which they arise. Other costs are accounted in statement of profit and loss.

The Company operates a defined benefit plan for gratuity, which requires contributions to be made to a separately administered fund. The fund is managed by a trust. The trust has taken policies from an insurance company. These benefits are fully funded.

# IUP Jindal Metals and Alloys Limited

## 3.9 Foreign currency reinstatement and translation

### (a) *Functional and presentation currency*

The financial statements have been presented in Indian Rupees (₹), which is the Company's functional and presentation currency.

### (b) *Transactions and balances*

Transactions in foreign currencies are initially recorded by the Company at rates prevailing at the date of the transaction. Subsequently monetary items are translated at closing exchange rates of balance sheet date and the resulting exchange difference recognised in profit or loss. Differences arising on settlement of monetary items are also recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the transaction. Non-monetary items carried at fair value that are denominated in foreign currencies are translated at the exchange rates prevailing at the date when the fair value was determined. Exchange component of the gain or loss arising on fair valuation of non-monetary items is recognised in line with the gain or loss of the item that gave rise to such exchange difference.

## 3.10 Financial instruments – initial recognition, subsequent measurement and impairment

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

### a. **Financial Assets**

Financial Assets are measured at amortised cost or fair value through Other Comprehensive Income or fair value through Profit or Loss, depending on its business model for managing those financial assets and the assets contractual cash flow characteristics.

Subsequent measurements of financial assets are dependent on initial categorisation. For impairment purposes significant financial assets are tested on an individual basis, other financial assets are assessed collectively in groups that share similar credit risk characteristics.

### **Trade receivables**

A receivable is classified as a 'trade receivable' if it is in respect to the amount due from customers on account of goods sold or services rendered in the ordinary course of business. Trade receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment. For some trade receivables the Company may obtain security in the form of guarantee, security deposit or letter of credit which can be called upon if the counterparty is in default under the terms of the agreement.

Impairment is made on the expected credit losses, which are the present value of the cash shortfalls over the expected life of financial assets. The estimated impairment losses are recognised in a separate provision for impairment and the impairment losses are recognised in the Statement of Profit and Loss within other expenses.

Subsequent changes in assessment of impairment are recognised in provision for impairment and the change in impairment losses are recognised in the Statement of Profit and Loss within other expenses.

For foreign currency trade receivable, impairment is assessed after reinstatement at closing rates.

Individual receivables which are known to be uncollectible are written off by reducing the carrying amount of trade receivable and the amount of the loss is recognised in the Statement of Profit and Loss within other expenses.

Subsequent recoveries of amounts previously written off are credited to Other Income.

# IUP Jindal Metals and Alloys Limited

## b. Financial Liabilities

At initial recognition, all financial liabilities other than fair valued through profit and loss are recognised initially at fair value less transaction costs that are attributable to the issue of financial liability. Transaction costs of financial liability carried at fair value through profit or loss is expensed in profit or loss.

Financial liabilities are classified in two categories; subsequent measurement of financial liabilities is depended on initial categorisation. These categories and their classification are as below:

### i. Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading. The Company has not designated any financial liabilities upon initial measurement recognition at fair value through profit or loss. Financial liabilities at fair value through profit or loss are reported at fair value at each reporting date with all the changes recognized in the Statement of Profit and Loss.

### ii. Financial liabilities measured at amortised cost

After initial recognition, interest bearing loans and borrowings are subsequently measured at amortised cost using the effective interest rate method ("EIR") except for those designated in an effective hedging relationship. The carrying value of borrowings that are designated as hedged items in fair value hedges that would otherwise be carried at amortised cost are adjusted to record changes in fair values attributable to the risks that are hedged in effective hedging relationship.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fee or costs that are an integral part of the EIR. The EIR amortisation is included in finance costs in the Statement of Profit and Loss.

After initial recognition, interest-bearing borrowings are subsequently measured at amortised cost using the effective interest method. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down.

Borrowings are classified as current liabilities unless the Company has an unconditional right to defer settlement of the liability for at least twelve months after the reporting period.

## Trade and other payables

A payable is classified as 'trade payable' if it is in respect of the amount due on account of goods purchased or services received in the normal course of business. These amounts represent liabilities for goods and services provided to the Company prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

## De-recognition of financial liability

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

# IUP Jindal Metals and Alloys Limited

## 3.11 Borrowing costs

Borrowing costs specifically relating to the acquisition or construction of qualifying assets that necessarily takes a substantial period of time to get ready for its intended use are capitalized (net of income on temporary deployment of funds) as part of the cost of such assets. Borrowing costs consist of interest and other costs that the Company incurs in connection with the borrowing of funds.

For general borrowing used for the purpose of obtaining a qualifying asset, the amount of borrowing costs eligible for capitalization is determined by applying a capitalization rate to the expenditures on that asset. The capitalization rate is the weighted average of the borrowing costs applicable to the borrowings of the Company that are outstanding during the period, other than borrowings made specifically for the purpose of obtaining a qualifying asset. The amount of borrowing costs capitalized during a period does not exceed the amount of borrowing cost incurred during that period.

All other borrowing costs are expensed in the period in which they occur.

## 3.12 Taxation

Income tax expense represents the sum of current and deferred tax (including MAT). Tax is recognised in the Statement of Profit and Loss, except to the extent that it relates to items recognised directly in equity or other comprehensive income, in such cases the tax is also recognised directly in equity or in other comprehensive income. Any subsequent change in direct tax on items initially recognised in equity or other comprehensive income is also recognised in equity or other comprehensive income, such change could be for change in tax rate.

Current tax provision is computed for Income calculated after considering allowances and exemptions under the provisions of the applicable Income Tax Laws. Current tax assets and current tax liabilities are off set, and presented as net.

Deferred tax is recognised on differences between the carrying amounts of assets and liabilities in the Balance sheet and the corresponding tax bases used in the computation of taxable profit and are accounted for using the liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences, and deferred tax assets are generally recognised for all deductible temporary differences, carry forward tax losses and allowances to the extent that it is probable that future taxable profits will be available against which those deductible temporary differences, carry forward tax losses and allowances can be utilised. Deferred tax assets and liabilities are measured at the applicable tax rates. Deferred tax assets and deferred tax liabilities are off set, and presented as net.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available against which the temporary differences can be utilised.

Minimum Alternative Tax (MAT) is applicable to the Company. Credit of MAT is recognised as an asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period, i.e., the period for which MAT credit is allowed to be carried forward. In the year in which the MAT credit becomes eligible to be recognised as an asset, the said asset is created by way of a credit to the profit and loss account and shown as MAT credit entitlement. The Company reviews the same at each balance sheet date and writes down the carrying amount of MAT credit entitlement to the extent there is no longer convincing evidence to the effect that the Company will pay normal income tax during the specified period.

## 3.13 Revenue recognition and Other income

### *Sale of Goods*

Revenue is recognized at the fair value of consideration received or receivable and represents the net invoice value of goods supplied to third parties after deducting discounts, volume rebates and outgoing sales tax and are recognized either on delivery or on transfer of significant risk and rewards of ownership of the goods. Revenue is inclusive of excise duty. Material returned/rejected is accounted for in the year of return/ rejection.

### *Sale of Services-Job work*

Revenue from job work charges is accounted for on the basis of work performed and rendering of service as per the terms of the specific contract.

# IUP Jindal Metals and Alloys Limited

## **Other Operating Income**

Incentives on exports and other Government incentives related to operations are recognised in books after due consideration of certainty of utilization/receipt of such incentives.

## **Other Income**

### **Interest**

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable.

### **3.14 Earnings per share**

Basic earnings per share are calculated by dividing the net profit or loss for the year attributable to equity shareholders (after deducting preference dividends and attributable taxes) by the weighted average number of equity shares outstanding during the year. Partly paid equity shares are treated as a fraction of an equity share to the extent that they were entitled to participate in dividends relative to a fully paid equity share during the reporting year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the year attributable to equity shareholders and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares, if any.

### **3.15 Provisions and contingencies**

#### **Provisions**

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. If the effect of the time value of money is material, provisions are discounted using equivalent period government securities interest rate. Unwinding of the discount is recognised in the Statement of Profit and Loss as a finance cost. Provisions are reviewed at each balance sheet date and are adjusted to reflect the current best estimate.

#### **Gratuity and leave encashment provision**

Refer Note no 3.8 for provision relating to gratuity and leave encashment.

#### **Contingencies**

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made. Information on contingent liability is disclosed in the Notes to the Financial Statements. Contingent assets are not recognised. However, when the realisation of income is virtually certain, then the related asset is no longer a contingent asset, but it is recognised as an asset.

### **3.16 Current versus non-current classification**

The Company presents assets and liabilities in statement of financial position based on current/non-current classification.

The Company has presented non-current assets and current assets before equity, non-current liabilities and current liabilities in accordance with Schedule III, Division II of Companies Act, 2013 notified by MCA.

An asset is classified as current when it is:

- a) Expected to be realised or intended to be sold or consumed in normal operating cycle,
- b) Held primarily for the purpose of trading,
- c) Expected to be realised within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

# IUP Jindal Metals and Alloys Limited

A liability is classified as current when:

- a) It is expected to be settled in normal operating cycle,
- b) It is held primarily for the purpose of trading,
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

All other liabilities are classified as non-current.

The operating cycle is the time between the acquisition of assets for processing and their realisation in cash or cash equivalents.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

## 4. Critical accounting estimates, assumptions and judgements

In the process of applying the Company's accounting policies, management has made the following estimates, assumptions and judgements, which have significant effect on the amounts recognised in the financial statement:

### (a) *Property, plant and equipment*

External adviser or internal technical team assess the remaining useful lives and residual value of property, plant and equipment. Management believes that the assigned useful lives and residual value are reasonable. The estimates and assumptions made to determine depreciation are critical to the Company's financial position and performance.

### (b) *Intangibles*

Internal technical or user team assess the remaining useful lives of Intangible assets. Management believes that assigned useful lives are reasonable.

### (c) *Income taxes*

Management judgment is required for the calculation of provision for income taxes and deferred tax assets and liabilities. The Company reviews at each balance sheet date the carrying amount of deferred tax assets. The factors used in estimates may differ from actual outcome which could lead to significant adjustment to the amounts reported in the financial statements.

### (d) *Contingencies*

Management judgement is required for estimating the possible outflow of resources, if any, in respect of contingencies/claim/litigations against the Company as it is not possible to predict the outcome of pending matters with accuracy.

### (e) *Allowance for uncollected accounts receivable and advances*

Trade receivables do not carry any interest and are stated at their normal value as reduced by appropriate allowances for estimated irrecoverable amounts. Individual trade receivables are written off when management deems them not to be collectible. Impairment is made on the expected credit losses, which are the present value of the cash shortfall over the expected life of the financial assets.

### (f) *Insurance claims*

Insurance claims are recognised when the Company have reasonable certainty of recovery. Subsequently any change in recoverability is provided for.

### (g) *Liquidated damages*

Liquidated damages payable are estimated and recorded as per contractual terms; estimate may vary from actuals as levy by customer.

# IUP Jindal Metals and Alloys Limited

## 34. Financial risk management

### 34.1 Financial risk factors

The Company's principal financial liabilities comprise borrowings, trade and other payables, and financial guarantee contracts. The main purpose of these financial liabilities is to manage finances for the Company's operations. The Company has loan and other receivables, trade and other receivables, and cash and short-term deposits that arise directly from its operations. The Company's activities expose it to a variety of financial risks:

#### i) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market prices comprise three types of risk: currency rate risk, interest rate risk and other price risks, such as equity price risk and commodity risk. Financial instruments affected by market risk include loans and borrowings, deposits, investments, and derivative financial instruments. Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. This is based on the financial assets and financial liabilities held as of March 31, 2021 and March 31, 2020.

#### ii) Credit risk

Credit risk is the risk that a counter party will not meet its obligations under a financial instrument or customer contract, leading to a financial loss.

#### iii) Liquidity risk

Liquidity risk is the risk that the Company may not be able to meet its present and future cash and collateral obligations without incurring unacceptable losses.

The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Company's financial performance. Risk management is carried out by the treasury department under policies approved by the board of directors. The treasury team identifies, evaluates and hedges financial risks in close co-operation with the Company's operating units. The board provides principles for overall risk management, as well as policies covering specific areas, such as foreign exchange risk, interest rate risk, and credit risk, use of derivative financial instruments and non-derivative financial instruments, and investment of excess liquidity.

### Market Risk

The sensitivity analysis excludes the impact of movements in market variables on the carrying value of post-employment benefit obligations provisions and on the non-financial assets and liabilities. The sensitivity of the relevant Statement of Profit and Loss item is the effect of the assumed changes in the respective market risks. The Company's activities expose it to a variety of financial risks, including the effects of changes in foreign currency exchange rates and interest rates. However, such effect is not material.

#### (a) Foreign exchange risk and sensitivity

The Company transacts business primarily in Indian Rupee, USD and Euro. The Company has not obtained foreign currency loans but has foreign currency trade payables and receivables and is therefore, exposed to foreign exchange risk. Certain transactions of the Company act as a natural hedge as a portion of both assets and liabilities are denominated in similar foreign currencies.

The following table demonstrates the sensitivity in the USD to the Indian Rupee with all other variables held constant. The impact on the Company's profit before tax and other comprehensive income due to changes in the fair value of monetary assets and liabilities is given below:

#### Exposure to foreign currency risk expressed in Indian rupees:-

(Amount in ₹)

Particulars	As at March 31, 2021		As at March 31, 2020
	USD	EURO	USD
<b>Financial Assets</b>			
Trade Receivables	-	-	-
<b>Financial Liabilities</b>			
Trade Payables	3,28,99,500	51,87,917	3,40,49,250
<b>Net exposure to foreign currency risk</b>	<b>(3,28,99,500)</b>	<b>(51,87,917)</b>	<b>(3,40,49,250)</b>

## IUP Jindal Metals and Alloys Limited

The following table demonstrates the sensitivity in the USD and EURO to the Indian Rupee with all other variables held constant. The impact on the Company's profit/(loss) before tax in the fair value of monetary assets and liabilities is given below:

(Amount in ₹)			
Particulars	Net monetary items in respective currency outstanding on reporting date	Change in currency exchange rate	Effect on profit/(loss) before tax
<b>For the year ended March 31, 2021</b>			
USD	(4,50,000)	+ 5%	(16,44,975)
		- 5%	16,44,975
Euro	(60,500)	+ 5%	(2,59,396)
		- 5%	2,59,396
<b>For the year ended March 31, 2020</b>			
USD	(4,50,000)	+ 5%	(17,02,463)
		- 5%	17,02,463

The assumed movement in exchange rate sensitivity analysis is based on the currently observable market environment.

Summary of exchange difference accounted in Statement of Profit and Loss:

(Amount in ₹)		
Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Net foreign exchange gain/(losses) as operating expense	-	(27,80,845)
Net foreign exchange gain/(losses) as finance cost	-	-
Net foreign exchange gain/(losses) as other income	26,00,786	-
<b>Total</b>	<b>26,00,786</b>	<b>(27,80,845)</b>

### (b) Interest rate risk and sensitivity

The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's short term debt obligations with floating interest rates, any changes in the interest rates environment may impact future cost of borrowing.

With all other variables held constant, the following table demonstrates the impact of borrowing cost on floating rate portion of loans and borrowings.

(Amount in ₹)		
Interest rate sensitivity	Increase/Decrease in basis points	Effect on profit/ (loss) before tax
<b>For the year ended March 31, 2021</b>		
INR borrowings	+50	(9,72,911)
	-50	9,72,911
<b>For the year ended March 31, 2020</b>		
INR borrowings	+50	(5,23,738)
	-50	5,23,738

The assumed movement in basis points for interest rate sensitivity analysis is based on the currently observable market environment.

# IUP Jindal Metals and Alloys Limited

## Interest rate & currency of borrowings

The below table demonstrates the borrowing of fixed and floating rate of interest:

(Amount in ₹)

Particulars	Total borrowings	Floating rate borrowings	Fixed rate borrowings
INR	19,45,82,163	19,45,82,163	-
<b>Total as at March 31, 2021</b>	<b>19,45,82,163</b>	<b>19,45,82,163</b>	<b>-</b>
INR	10,47,47,688	10,47,47,688	-
<b>Total as at March 31, 2020</b>	<b>10,47,47,688</b>	<b>10,47,47,688</b>	<b>-</b>

## (c) Commodity price risk and sensitivity

The Company is exposed to the movement in price of key raw materials in domestic and international markets. The Company has in place policies to manage exposure to fluctuations in the prices of the key raw materials used in operations. The Company enter into contracts for procurement of material, most of the transactions are short term fixed price contract and a few transactions are long term fixed price contracts.

## Credit risk

The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, mutual funds and financial institutions and other financial instruments.

## Trade Receivables

The Company extends credit to customers in normal course of business. The Company considers factors such as credit track record in the market and past dealings for extension of credit to customers. The Company monitors the payment track record of the customers. Outstanding customer receivables are regularly monitored. The Company evaluates the concentration of risk with respect to trade receivables as low, as its customers are located in several jurisdictions and industries and operate in largely independent markets. The Company has also taken advances and security deposits from its customers & distributors, which mitigate the credit risk to an extent.

The ageing of trade receivable is as below:

(Amount in ₹)

Particulars	Not due not impaired	Past Due			Total
		upto 6 months	6 to 12 months	Above 12 months

# IUP Jindal Metals and Alloys Limited

## Financial instruments and cash deposits

The Company considers factors such as track record, size of the institution, market reputation and service standards to select the banks with which balances and deposits are maintained. Generally, the balances are maintained with the institutions with which the Company has also availed borrowings. The Company does not maintain significant cash and deposit balances other than those required for its day to day operations.

### Liquidity risk

The Company's objective is to; at all times maintain optimum levels of liquidity to meet its cash and collateral requirements. The Company relies on a mix of borrowings, capital infusion and excess operating cash flows to meet its needs for funds. The current committed lines of credit are sufficient to meet its short to medium term expansion needs. The Company monitors rolling forecasts of its liquidity requirements to ensure it has sufficient cash to meet operational needs while maintaining sufficient headroom on its undrawn committed borrowing facilities at all times so that the Company does not breach borrowing limits or covenants (where applicable) on any of its borrowing facilities.

The table below provides undiscounted cash flows towards non-derivative financial liabilities and net-settled derivative financial liabilities into relevant maturity based on the remaining period at the balance sheet to the contractual maturity date.

The Company is required to maintain ratios (including total debt to EBITDA / net worth, EBITDA to gross interest, debt service coverage ratio and secured coverage ratio) as mentioned in the loan agreements at specified levels. In the event of failure to meet any of these ratios these loans become callable at the option of lenders, except where exemption is provided by lender.

As at March 31, 2021

(Amount in ₹)

### 34.1 Competition and price risk

The Company faces competition from local and foreign competitors. Nevertheless, it believes that it has competitive advantage in terms of high quality products and by continuously upgrading its expertise and range of products to meet the needs of its customers.

# IUP Jindal Metals and Alloys Limited

## 34.2 Capital risk management

The Company manages its capital structure and makes adjustments in light of changes in economic conditions and the requirements of the financial covenants. To maintain or adjust the capital structure, the Company may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The primary objective of the Company's capital management is to maximize the shareholder value. The Company's primary objective when managing capital is to ensure that it maintains an efficient capital structure and healthy capital ratios and safeguard the Company's ability to continue as a going concern in order to support its business and provide maximum returns for shareholders. The Company also proposes to maintain an optimal capital structure to reduce the cost of capital. No changes were made in the objectives, policies or processes during the year ended March 31, 2021 and March 31, 2020.

For the purpose of the Company's capital management, capital includes issued capital, share premium and all other equity reserves. Net debt includes, interest bearing loans and borrowings, trade and other payables less cash and short term deposits, excluding discontinued operations.

The Company monitors capital using gearing ratio, which is net debt divided by total capital.

The gearing ratio of the company is 10% in financial year 2020-21 as compared to 7% in financial year 2019-20.

(Amount in ₹)

Particulars	As at March 31, 2021	As at March 31, 2020
Loans and Borrowings	19,45,82,163	10,47,47,688
Less: Cash and Cash Equivalents	1,01,39,420	22,84,564
<b>Net debt (A)</b>	<b>18,44,42,743</b>	<b>10,24,63,124</b>
Total Capital	1,60,94,50,522	1,44,75,25,253
<b>Capital and Net Debt (B)</b>	<b>1,79,38,93,265</b>	<b>1,54,99,88,377</b>
<b>Gearing Ratio (A/B)</b>	<b>10%</b>	<b>7%</b>

In order to achieve this overall objective, the Company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the interest-bearing loans and borrowings that define capital structure requirements. Breaches in meeting the financial covenants would permit the bank to immediately call loans and borrowings. There have been no breaches of the financial covenants of any interest bearing loans and borrowing for reported periods.

## Impact of COVID 19:

Due to the outbreak of COVID-19 globally and in India, the Company's management has made an initial assessment of likely adverse impact on the economic environment in general, business, and financial risks upto the date of financial statements and conclude that there is no material impact on the long-term performance of the Company.

However, the Company will continue to monitor any material changes to the future economic conditions..

## 35. Fair value of financial assets and liabilities

Set out below is a comparison by class of the carrying amounts and fair value of the Company's financial instruments that are recognised in the financial statements.

(Amount in ₹)

Particulars	As at March 31, 2021		As at March 31, 2020	
	Carrying amount	Fair Value	Carrying amount	Fair Value
<b>Financial assets designated at amortised cost</b>				
Fixed deposits with banks	2,68,73,565	2,68,73,565	12,95,95,289	12,95,95,289

	<b>38,21,43,460</b>	<b>38,21,43,460</b>	<b>20,51,03,224</b>	<b>20,51,03,224</b>

# IUP Jindal Metals and Alloys Limited

## Fair valuation techniques

The Company maintains policies and procedures to value financial assets or financial liabilities using the best and most relevant data available. The fair values of the financial assets and liabilities are included at the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The following methods and assumptions were used to estimate the fair values:

- 1) Fair value of cash and deposits, trade receivables, trade payables, and other current financial assets and liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments.
- 2) Long-term fixed-rate and variable-rate receivables / borrowings are evaluated by the Company based on parameters such as interest rates, specific country risk factors, credit risk and other risk characteristics. Fair value of variable interest rate borrowings is not materially different from carrying values. For fixed interest rate borrowing fair value is determined by using the discounted cash flow (DCF) method using discount rate that reflects the issuer's borrowings rate. Risk of non-performance for the company is considered to be insignificant in valuation.
- 3) IND AS 101 allow Company to fair value property, plant and machinery on transition to IND AS, the Company has fair valued property, plant and equipment, and the fair valuation is based on replacement cost approach.

## Fair Value Hierarchy

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 3 as described below:

- Quoted prices / published NVA (unadjusted) in active markets for identical assets or liabilities (level 1). It includes fair value of financial instruments traded in active markets and are based on quoted market prices at the balance sheet date and financial instruments like mutual funds for which net assets value( NAV) is published mutual fund operators at the balance sheet date.
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2). It includes fair value of the financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximise the use of observable market data where it is available and rely as little as possible on the company specific estimates. If all significant inputs required to fair value an instrument are observable then instrument is included in level 2.
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3). If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

The following table provides the fair value measurement hierarchy of Company's asset and liabilities, grouped into Level 1 to Level 2 as described below:

### Assets / Liabilities measured at fair value (Accounted) - NIL

### Assets / Liabilities recognised at amortised cost for which fair value is disclosed

(Amount in ₹)

Particulars	As at March 31, 2021		
	Level 1	Level 2	Level 3
<b>Financial liabilities</b>			
Borrowings - fixed rate	-	-	-
Other financial liabilities	-	1,92,86,279	-

Particulars	As at March 31, 2020		
	Level 1	Level 2	Level 3
<b>Financial liabilities</b>			
Borrowings - fixed rate	-	-	-
Other financial liabilities	-	1,60,91,912	-

# IUP Jindal Metals and Alloys Limited

During the year ended March 31, 2021 and March 31, 2020, there were no transfers between Level 1 and Level 2 fair value measurements, and no transfer into and out of Level 3 fair value measurements. There is no transaction/balance under level 3.

Following table describes the valuation techniques used and key inputs for valuation under fair value hierarchy as of March 31, 2021 and March 31, 2020, respectively:

## Assets / Liabilities for which fair value is disclosed

Particulars	Fair value hierarchy	Valuation technique	Inputs used
<b>Financial assets</b>			
Other financial assets	Level 2	Discounted Cash Flow	Prevailing interest rates to discount future cash flows
<b>Financial liabilities</b>			
Other borrowings- fixed rate	Level 2	Discounted Cash Flow	Prevailing interest rates in market, Future payouts
Other financial liabilities	Level 2	Discounted Cash Flow	Prevailing interest rates to discount future cash flows

## 36. Segment information

### Information about primary segment

The Company's primary segment as identified by management is cold rolled stainless steel coils and strips.

Segments have been identified taking into account nature of product and differential risk and returns of the segment.

### a) Information about Geographical Segment – Secondary

The Company's operations are located in India. The following table provides an analysis of the Company's sales by geography in which the customer is located, irrespective of the origin of the goods.

(Amount in ₹)

Particulars	2020-21			2019-20		
	Within India	Outside India	Total	Within India	Outside India	Total
Revenue from Operations	1,82,98,27,404	3,01,83,385	1,86,00,10,789	1,93,71,76,725	2,51,48,166	1,96,23,24,891
Non current Assets ( PPE, CWIP, Intangible Asset )	1,22,76,58,483	-	1,22,76,58,483	81,00,79,871	-	81,00,79,871

### b) Information about major customers

No customer individually accounted for more than 10% of the revenue.

### 37. a) Disaggregation of revenue from contracts with customers:

The Company derives revenue at point in time from sale of goods and over time from sale of services- job work. The Company's operations are located in India. Company's sales by geography are determined on the basis of location of customers. Below are the details for revenue from customers:

(Amount in ₹)

Particulars	Sales of Goods		Sales of Services	
	Finished Goods		Job Work	
	Within India	Outside India	Within India	Outside India
<b>Year ended March 31, 2021</b>				
Revenue from Operations	1,68,03,11,441	3,01,83,385	14,95,15,963	-
<b>Year ended March 31, 2020</b>				
Revenue from Operations	1,82,81,95,404	2,51,48,166	10,89,81,321	-

# IUP Jindal Metals and Alloys Limited

## b) Assets and liabilities related to contracts with customers:

The Company has recognised following assets related to contracts with customers.

### Contract assets:

Particulars	(Amount in ₹)
<b>As at March 31, 2021</b>	
Opening Balance	16,90,507
Add: Recognised during the year(Net)	1,50,64,544

## 39. Deferred income tax

The analysis of deferred tax expenses/ (income) is as follows:

(Amount in ₹)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
Book base and tax base of Fixed Assets	(42,98,297)	(1,70,64,551)
(Disallowance)/ Allowance (net) under Income Tax	17,41,928	(52,42,671)
Brought forward losses set off	-	-
<b>Total</b>	<b>(25,56,369)</b>	<b>(2,23,07,222)</b>

## Component of tax accounted in OCI and equity

(Amount in ₹)

Particulars	Year ended March 31, 2021	Year ended March 31, 2020
<b>Component of OCI</b>		
Deferred tax Gain/ (Loss) on defined benefit plan	(13,12,957)	39,04,789
<b>Total</b>	<b>(13,12,957)</b>	<b>39,04,789</b>

## 40. Retirement benefit obligations

### 1. Expense recognised for Defined Contribution plan

(Amount in ₹)

Particulars	For the year ended March 31, 2021	For the year ended March 31, 2020
Company's contribution to provident fund	68,78,142	69,90,367
Company's contribution to ESI	3,00,219	4,04,413
<b>Total</b>	<b>71,78,361</b>	<b>73,94,780</b>

Below tables sets forth the changes in the projected benefit obligation and plan assets and amounts recognised in Balance Sheet as of March 31, 2021 and March 31, 2020, being the respective measurement dates:

### 2. Movement in obligation

The components of the gratuity & leave encashment cost are as follows:

#### a.) Gratuity

(Amount in ₹)

Particulars	Gratuity (funded) as on 31.03.2021	Gratuity (funded) as on 31.03.2020
Present value of the obligation at the beginning of the year	4,60,32,474	2,48,87,225
Interest cost	32,22,273	17,42,106
Current service cost	36,50,958	37,67,883
Past Service Cost	-	-
Benefits paid	-	-
Remeasurements - actuarial loss/ (gain)	(51,45,948)	1,56,35,260
<b>Present value of the obligation at the end of the year</b>	<b>4,77,59,757</b>	<b>4,60,32,474</b>

# IUP Jindal Metals and Alloys Limited

## b.) Leave Encashment (Compensated Absence)

Particulars	(Amount in ₹)	
	Leave Encashment (unfunded) as on 31.03.2021	Leave Encashment (unfunded) as on 31.03.2020
Present value of the obligation at the beginning of the year	1,59,19,483	86,94,104
Interest cost	11,14,363	6,08,587
Current service cost	16,91,907	16,47,083
Benefits paid	(21,45,285)	(25,35,134)
Remeasurements - actuarial loss/ (gain)	10,68,017	75,04,843
<b>Present value of the obligation at the end of the year</b>	<b>1,76,48,485</b>	<b>1,59,19,483</b>

## 3. Movement in Plan Assets – Gratuity

Particulars	(Amount in ₹)	
	For the year ended March 31, 2021	For the year ended March 31, 2020
Fair value of plan assets at beginning of year	2,73,99,780	2,44,48,894
Expected return on plan assets	19,17,985	17,11,423
Employer contributions	74,12,820	11,19,098
Benefits paid	-	-
Actuarial gain / (loss)	70,825	1,20,365
<b>Fair value of plan assets at end of year</b>	<b>3,68,01,410</b>	<b>2,73,99,780</b>
Present value of obligation	4,77,59,757	4,60,32,474
Net funded status of plan Assets / (Liab)	(1,09,58,347)	(1,86,32,694)
<b>Actual return on plan assets</b>	<b>19,88,810</b>	<b>18,31,788</b>

## 4. Recognised in profit and loss

### a.) Gratuity

Particulars	(Amount in ₹)	
	For the year ended 31st March 2021	For the year ended 31st March 2020
Current Service cost	36,50,958	37,67,883
Interest cost	32,22,273	17,42,106
Expected return on plan assets	(19,17,985)	(17,11,423)
Remeasurement - Acturial loss/(gain)	-	-
Past service cost	-	-
<b>Expenses recognised in P&amp;L A/c</b>	<b>49,55,246</b>	<b>37,98,566</b>
Actual return on plan assets	19,88,810	18,31,788

### b.) Leave Encashment (Compensated Absence)

Particulars	(Amount in ₹)	
	For the year ended 31st March 2021	For the year ended 31st March 2020
Current Service cost	16,91,907	16,47,083
Interest cost	11,14,363	6,08,587
Expected return on plan assets	-	-
Remeasurement - Acturial loss/(gain)	10,68,017	75,04,843
Past service cost	-	-
<b>Expenses recognised in P&amp;L A/c</b>	<b>38,74,287</b>	<b>97,60,513</b>

# IUP Jindal Metals and Alloys Limited

## 5. Recognised in other comprehensive income

Gratuity	(Amount in ₹)	
	For the year ended 31st March 2021	For the year ended 31st March 2020
Remeasurement - Actuarial loss/(gain)	(52,16,773)	1,55,14,895

## 6. The principal actuarial assumptions used for estimating the Company's defined benefit obligations are set out below:

Weighted average actuarial assumptions	As at	As at
	31st March, 2021	31st March, 2020
Attrition rate	5% p.a. (18 to 30 Years)	5% p.a. (18 to 30 Years)
Attrition rate	3% p.a. (30 to 44 Years)	3% p.a. (30 to 44 Years)
Attrition rate	2% p.a. (44 to 60 Years)	2% p.a. (44 to 60 Years)
Discount Rate	7.00%	7.00%
Expected Rate of increase in Compensation levels	10.00%	10.00%
Expected Rate of Return on Plan Assets	7.00%	7.00%
Mortality rate	IALM 2012-14	IALM 2012-14

Expected Average remaining working lives of employees (years) 16.3 16.3

The assumption of future salary increase takes into account the inflation, seniority, promotion and other relevant factors such as supply and demand in employment market.

## 7. Sensitivity analysis:

### a.) Gratuity

Particulars	Change in Assumption	(Amount in ₹)	
		Effect for the year 31st March, 2021	Effect for the year 31st March, 2020
Discount rate	+1%	4,33,47,637	4,16,21,682
	-1%	5,29,68,556	5,12,55,586
Salary Growth rate	+1%	5,27,65,085	5,10,51,241
	-1%	4,34,22,747	4,16,96,534
Withdrawal Rate	+1%	4,68,38,786	4,50,95,821
	-1%	4,88,07,585	4,71,00,508

### b.) Leave Encashment (Compensated Absence)

Particulars	Change in Assumption	(Amount in ₹)	
		Effect for the year 31st March, 2021	Effect for the year 31st March, 2020
Discount rate	+1%	1,59,00,869	99,99,832
	-1%	1,97,34,231	1,18,55,907
Salary Growth rate	+1%	1,96,52,326	1,18,55,907
	-1%	1,59,30,417	99,84,943
Withdrawal Rate	+1%	1,72,65,186	1,09,26,065
	-1%	1,80,87,706	1,07,73,512

The above sensitivity analysis is based on a change in an assumption while holding all other assumptions constant. In practice, this is unlikely to occur, and changes in some of the assumptions may be correlated. When calculating the sensitivity of the defined benefit obligation to significant actuarial assumptions the same method (projected unit credit method) has been applied as when calculating the defined benefit obligation recognised within the Balance Sheet.

## 8. History of experience adjustments is as follows:

Particulars	(Amount in ₹)	
	Gratuity	Leave Encashment
<b>For the year ended March 31, 2021</b>		
Plan Liabilities - loss/(gain)	(51,45,948)	10,68,017
Plan Assets - (loss)/gain	70,825	-
<b>For the year ended March 31, 2020</b>		
Plan Liabilities - loss/(gain)	14,32,657	(25,72,625)
Plan Assets - (loss)/gain	1,20,365	-

# IUP Jindal Metals and Alloys Limited

## OCI presentation of defined benefit plan

-Gratuity is in the nature of defined benefit plan, Re-measurement gains/(losses) on defined benefit plans is shown under OCI as Items that will not be reclassified to profit or loss and also the income tax effect on the same.

-Leave encashment cost is in the nature of short term employee benefits.

## Presentation in Statement of Profit and Loss and Balance Sheet

Expense for service cost, net interest on net defined benefit liability (asset) is charged to Statement of Profit & Loss.

IND AS 19 do not require segregation of provision in current and non-current, however net defined liability ( Assets) is shown as current and non-current provision in balance sheet as per IND AS 1.

Actuarial liability for short term benefits (leave encashment cost) is shown as current and non-current provision in balance sheet.

When there is surplus in defined benefit plan, company is required to measure the net defined benefit asset at the lower of; the surplus in the defined benefit plan and the assets ceiling, determined using the discount rate specified, i.e. market yield at the end of the reporting period on government bonds, this is applicable for domestic companies, foreign company can use corporate bonds rate.

The Company assesses these assumptions with its projected long-term plans of growth and prevalent industry standards. The mortality rates used are as published by one of the leading life insurance companies in India.

## 41. Other disclosures

### a) Auditors Remuneration

Particulars	(Amount in ₹)	
	For year ended March 31, 2021	For year ended March 31, 2020
<b>Statutory Auditors</b>		
a) Audit Fees	2,40,000	2,40,000
b) Tax Audit Fees	-	-
c) Certification / Others	-	-
d) Out of Pocket Expenses	-	12,896
<b>Total</b>	<b>2,40,000</b>	<b>2,52,896</b>
<b>Cost Auditors</b>		
a) Audit Fees	1,20,000	1,20,000

<b>Total</b>	<b>1,24,550</b>	<b>1,23,700</b>

### b) Corporate Social Responsibility

Particulars	(Amount in ₹)	
	Year ended March 31, 2021	Year ended March 31, 2020
Amount required to be spent	47,06,600	41,10,600
<b>Details of amount spent:</b>		
Disaster Response	7,96,700	-
Community welfare	51,000	4,51,000
Expenses for differently abled	-	9,620
For purposes other than above#	40,00,000	42,00,000
<b>Total</b>	<b>48,47,700</b>	<b>46,60,620</b>

# IUP Jindal Metals and Alloys Limited

#Above mentioned amount contributed to Svayam (An initiative of Sminu Jindal Charitable Trust), a related party, with the main objective of working for creating, developing and promoting an inclusive society by facilitating accessibility of public transport and infrastructure to people of reduced mobility, providing and promoting healthcare and enable the less privileged segments of the society to improve their livelihood by enhancing their means and capabilities to meet the emerging opportunities.

## c) Earning in foreign Exchange

Particulars	(Amount in ₹)	
	For year ended March 31, 2021	For year ended March 31, 2020
F.O.B Value of Export	3,01,81,944	2,51,22,089

- d) The company has not proposed any dividend to its shareholders during the year.
- e) The company has not given any loans, made investments or given any guarantee with respect the parties covered u/s 186(4) of the Companies Act, 2013
- f) Freight and Cartage of current year are not comparable from last year , since in last year company uses ERP software for 9 months in which amount recovered from customer are adjusted in freight and cartage shown in other expenses but in current year i.e Fy 2020-21 , Company uses SAP in which amount recovered from customers are added to sales and freight actual incurred are shown in other Expenses
- g) The company was not able to lift the contracted quantity of gas from GAIL (India) Ltd as per the contract agreement and therefore, was liable to make up good the shortfall of Gas during the contract period that is within 2025 (with a Grace period of one more year). The actual lift of Gas of the Company is however, below the contracted quantity. As Gas being scarce resource, management has surrendered the shortfall lift to GAIL so as to pay Gas Supply charges on actual lift by the Company. Hence, the Company has provided Gas Supply Charges on actual lift from financial year ended 2013 onwards.
- h) Capital Work in progress Includes Interest on term loan amounting 64,997/- capitalised as Pre-operative Expenses.

42. Based on the intimation received from supplier regarding their status under the Micro, Small and Medium Enterprises Development Act, 2006, the required disclosure is given below \* :

Sr. No.	Particulars	(Amount in ₹)	
		As at 31.03.2021	As at 31.03.2020
1.	Principal amount due outstanding	56,74,955	53,77,071
2.	Interest due on (1) above and unpaid	-	-
3.	Interest paid to the supplier	-	-
4.	Payments made to the supplier beyond the appointed day during the year.	-	-
5.	Interest due and payable for the period of delay	-	-
6.	Interest accrued and remaining unpaid	-	-
7.	Amount of further interest remaining due and payable in succeeding year	-	-

## 46. Export Promotion Capital Goods (EPCG)

The Company avails export promotion capital goods licenses. The objective of the EPCG scheme is to facilitate import of capital goods for producing quality goods and services and enhance manufacturing competitiveness.

### EPCG scheme

EPCG Scheme allows import of capital goods and their spare parts without payment of custom duty including cess and IGST under the Foreign Trade Policy 2015-20. Scheme covers manufacturer exporter, supporting manufacturer and service provider. EPCG authorisation shall be valid for import for 18 months from the date of issue of authorisation. Imported capital goods shall be subject to actual user condition till export obligation is completed and export obligation discharge certificate (EODC) is granted.

# IUP Jindal Metals and Alloys Limited

Import under EPCG scheme shall be subject to export obligation which are manufactured by manufacturer exporter or its supporting manufacturer equivalent to 6 times of duties, taxes and cess saved on capital goods to be fulfilled in 6 years reckoned from the date of issue of authorisation. Export obligation (EO) under the scheme shall be over and above, the average level of exports achieved by the applicant in the preceding three licensing years for the same and EO shipment under advance authorisation, duty free import authorisation scheme (DFIA), drawback scheme or reward schemes would also be considered for fulfilment of EO.

As on the reporting date there is no outstanding export obligation against the EPCG licenses. There are no other contingencies relating to these grants.

Details of government grant availed and export obligation are as follows:-

Particulars	(Amount in ₹)	
	Year ended March 31, 2021	Year ended March 31, 2020
Value of capital goods imported	5,57,87,627	72,33,500
Government grant- duty forgone	1,62,17,802	24,35,592
Revenue recognised	-	24,35,592
Export obligation fulfilled	-	1,46,13,552
Export obligation outstanding	9,73,06,812	-

## 47. Earnings per share

Particulars	(Amount in ₹)	
	Year ended March 31, 2021	Year ended March 31, 2020
<b>Basic and Diluted</b>		
a) Profit after tax	15,80,21,453	16,35,90,168
b) Calculation of weighted average no of equity shares		
Number of Shares at the beginning of the year	1,40,00,000	1,40,00,000
Number of Shares at the end of the year	1,40,00,000	1,40,00,000
c) Date of Allotement of Shares		
d) Number of basic/weighted average equity shares outstanding during the year for calculation of basic and diluted earning per share	1,40,00,000	1,40,00,000
e) Nominal value of Equity Share	10	10
f) Basic and Diluted earning per equity share	11.29	11.69

The number of shares used in computing basic EPS is the weighted average number of shares outstanding during the year.

The diluted EPS is calculated on the same basis as Basic EPS, after adjusting for the effects of potential dilutive equity.
